## WORK EXPERIENCE

***Amazon, Remote—Sep 2024 – Aug 2026***

*Risk Specialist (Sep 2025 – Aug 2026); promoted after one year from Risk Investigator (Sep 2024 – Sep 2025)*

- •Built SQL- and Python-based ETL pipelines, automated reports and monitoring dashboards to analyse operational risk datasets, identify fraud patterns and support data-driven decisions, cutting weekly reporting time by 12%.
- •Resolved 67,000+ fraud cases over two years as a Subject Matter Expert and Risk Specialist, ranking in the top 5% for team productivity and accuracy and within the top 20% departmentally.
- •Recognised as Performer of the Month in September 2025, November 2025 and December 2025; became SME for Buyer Risk Prevention (BRP) process automation and joined the BRP AI Tool Assistance core team.
- •Redesigned BRP workflows, automated repetitive tasks and documented processes, improving operational efficiency by 15% and team adoption.

***Smartedge Solutions, Remote—Jul 2024 – Aug 2024***

- •Analysed business datasets across multiple projects, identified 20+ operational improvement opportunities and supported initiatives that increased efficiency by 30%.

## PROJECTS

***Business Management System, Independent Project—Feb 2026***

- •Architected and deployed a full-stack business management system operational for 6+ months, covering 4,000+ SKUs, 7,000+ customers, sales tracking, and 3 branches.
- •Automated core inventory, customer, sales, and branch workflows, reducing manual effort by ~80%, saving 15–20 hours weekly, with zero operational support tickets for billing, transactions, or stock discrepancies.

***Automated Dental Cavity Detection (IEEE TKD-24 Paper)—May 2023 – May 2024***

- •Coauthored a peer-reviewed paper with Dr. Deepali Ujalambkar as Lead Technical Architect; placed 3rd in the department; accepted for oral presentation at IEEE TechnicoKnockdown 2024 and published in *Journal of Technology* (Vol. 12(5), May 2024).

***Khetirental — Internal Smart India Hackathon 2023 (AISSMS COE)—Sep 2023***

- •Developed a location-based rental platform with proximity search and booking, enabling farmers to find nearby agricultural equipment and reduce upfront machinery-access costs.
- •Led end-to-end development from ideation and UI design to backend architecture and API integration; placed 2nd in the Computer Engineering Department at Internal SIH 2023.

## EDUCATION

***AISSMS College of Engineering, Pune—Jul 2020 – May 2024***

B.E. in Computer Engineering(**First Class with Distinction**), CGPA 8.5/10

## LEADERSHIP & ENTREPRENEURIAL EXPERIENCE

***Founder & Operations Lead, Gambit Chess Club—Feb 2026 – Present***

- •Founded and scaled a multi-city chess venture across 4 cities (Nagpur, Pune, Nashik and Jaipur), generating INR 3.45 lakh+ in gross revenue across 30+ events with a 30%+ net profit margin.
- •Managed P&L, pricing strategies, resource allocation, vendor contracts and customer acquisition budgets, achieving a 40% ticket yield premium in Pune and ~49% gross contribution margin across 30+ events.
- •Scaled an active community of 10,000+ members, led operations for 1,300+ paying clients, secured brand sponsorships, and negotiated revenue-sharing partnerships with 25+ premium commercial venues in an asset-light model.

***Founder and Lead, Niv Manch Initiative (Aadarsh Gramin Bahuuddeshiya Sanstha)—Jan 2026 – Present***

- •Founded an educational outreach initiative delivering free AI awareness and career guidance to 350+ students across rural schools in Nagpur and Umred through three on-ground seminar programs.
- •Trained 15+ school teachers to integrate free AI tools into secondary-school lesson planning through practical, hands-on sessions.
- •Delivered an AI education seminar and workshop for 120+ students at MIT-WPU, demonstrating practical AI tools and explaining academic and professional pathways in technology.

***Collegiate Leadership & Sports***

- •Chess: FIDE-rated player with a 1470 international rating (2026); won a DSO competition and captained the college team.
- •Football: Captained college team (2023–2024) in DSO competitions and won the inter-department competition.
- •Resonance Racing Team (Financial Management Lead): led budget planning and sponsorship negotiations while mentoring a junior finance subcommittee.
- •Junior Mentoring: ran after-hours sessions for juniors preparing for hackathons and coding contests; 6 new junior teams entered and 2 reached the podium, contributing to the department's 2024 Interdepartment Trophy.
